2	Have you travelled outside of Canada in the last 14 days?	YES	NO
3.	Have you had close contact with a confirmed case of COVID-19 in the last 14 days?	YES	NO
4.	Have you had close contact with an individual who has any one of the first 5 symptoms on the list (*) fever, cough, shortness of breath, runny nose or sore throat AND who is a close contact of a confirmed case of COVID-19 in the last 14 days?	YES	NO
Ensure you understand <i>Safe Visiting Practices</i> and related site policies (refer to CMOH Order 29-2020 Appendix A)			
Assess your personal risk of unknown exposure based on your last two weeks of activity (refer to Risk of Unknown Exposure – back of page)			

If any visitor answers YES to any screening questions they will not be permitted to enter the facility.

Printed Name: _____
(Person entering facility)

Signature: _____

Date: _____

Phone Number: _____

Any personal information that is collected for COVID-19 contact tracing can only be used for this purpose, unless an individual provides their consent. The [Office of the Information and Privacy Commissioner](#) has released [Pandemic FAQ: Customer Lists](#) about collecting personal information during the COVID-19.

For questions about your obligations under the *Personal Information Protection Act*, please contact the FOIP-PIPA Help Desk by phone 780-427-5848 or by email at sa.accessandprivacy@gov.ab.ca

TEMPERATURE on ENTRY _____

Note: The temperature must be taken by a non-invasive infrared or similar device. Normal temperatures are: ear/forehead: 35.8 – 38.0C (96.4 -100.4F). Anyone with a measured temperature of 38.1 C or higher **MUST NOT** be admitted to the facility, contact DIRECT SUPERVISOR IMMEDIATELY and will be asked to leave the building in order to protect the health of the Residents.

The only exception for screening is in the case of an emergency where the stopping to be screened would negatively affect the reason for their entry (fire, police, true medical emergency).

Risk of Unknown Exposure Assessment Guidance

Low Risk	Medium Risk	High Risk
<p>To be considered at low risk of unknown exposure, all the following conditions must be met:</p> <ul style="list-style-type: none"> • Does not work or live in an area of high COVID-19 exposure (refer to Risk designation of region) • Works from home • Part of a small cohort (15 or less) who consistently practices physical distancing and masks when cannot maintain distance • Not have had guests at home in the past 14 days • Visits resident(s) in one site in a day • Makes essential outings only • Uses own vehicle • Consistently maintains 2 metres of distance from those outside household in all activities • Mask worn when cannot maintain physical distancing • Consistent hand hygiene • No interprovincial travel within the last 14 days 	<p><i>There will be many variations that arise between the extremes of high and low risk of unknown exposure</i></p> <p><i>Individuals must use their best judgement to determine risk of unknown exposure where neither low nor high is appropriate.</i></p>	<p>To be considered at high risk of unknown exposure, any one or more of the following may be met:</p> <ul style="list-style-type: none"> • Works or lives in an area of high COVID-19 exposure (refer to Risk designation of region) • Works outside home in settings where distancing is not consistently maintained and masking is not consistently used • Worked at or visited a location with a declared COVID-19 outbreak in last 14 days • Part of a large cohort (more than 15) • Cohort inconsistently practices physical distancing and use of masks when cannot maintain distance • Have had guests in home in last 14 days • Visits resident(s) in multiple sites in one day • Outings where contact with others outside household is likely • Use of public transit or carpooling where distancing is not consistently maintained and masking is not consistently used • Does not maintain physical distancing and does not wear a mask • Infrequent or inconsistent hand hygiene • Interprovincial travel within the past 14 days
